

LEON COUNTY GOVERNMENT SAYS **SHOP & DINE KINHEGA**

DURING ROAD IMPROVEMENTS

When construction starts, business doesn't stop!

Leon County's Outreach Partnership and Enhanced Navigation (OPEN) for Business Program promotes and addresses concerns of businesses impacted by construction.

Here are a few things we will do for our local businesses near the intersection of Kinhega Drive and Thomasville Road:

- Monthly advertisements in the Leon County Link, published in the Tallahassee Democrat and the Capital Outlook, through August 2015
- Outdoor billboard and radio advertisements
- A webpage with up-to-date information on the Kinhega Roundabout project including local business spotlights
- Social media and TV promotion
- Two full-page advertisements in the Lakes View Magazine promoting business during construction
- Directional yard signs along detour routes

Construction begins June 2, 2015 and traffic will resume in mid-August 2015.
